Specification Number: PD 16-17.065

All:

We recently sent you an Invitation to Bid on the above-mentioned specification.

This Addendum 3 provides for:

Responses to Questions

1. Are there roads or areas that have been specified to be reconstructed?
   Response: Heritage Lake is a full reconstruction and there are several other roads that had potential areas that would need base work. These roads are where the additional reconstruction quantities come from. There is no guarantee that we will need to do the base work but I wanted to prepare for the worst and hope for the best.
2. In the addendum 1 that was sent out, 1775 LF of Trench wrap underdrain was added to the bid package. Do you have any details or plans of for this item?
   Response: The underdrain is to be installed on Heritage Lake. The spec and details are the County standard.

This Addendum Number 3 is furnished to all known prospective Bidders. Please sign and return one copy of this Addendum, with original signature, with your bid as an acknowledgement of you having received same. You may photo copy for your record.
