Incident Briefing (ICS 201)

Incident Name July 2025 Pensacola Beach Air Show		Incident Number			
Operational Period		Date From 07/12/2025 Time From 07:00:00		Date To 07/12/2025 Time To 19:00:00	
Map/Sketch (include sketch, showing the total area of operations, the incident site/area, impacted and threatened areas, overflight results, trajectories, impacted shorelines, or other graphics depicting situational status and resource assignment)					
					
Situation Summary and Health and Safety Briefing (for briefings or transfer of command): Recognize potential incident Health and Safety Hazards and develop necessary measures (remove hazard, provide personal protective equipment, warn people of the hazard) to protect responders from those hazards. Saturday is expected to draw high volumes of public attendance to Pensacola Beach. Operations are focused on public safety, traffic management, and responder health and safety. A vessel exclusion zone remains in place on the sound side of Pensacola Beach, and access control points are operational.					
Current and Planned Objectives					
<ol style="list-style-type: none">1 Ensure the safety of all responders by identifying and mitigating threats and hazards throughout the duration of the event.2 Monitor and assess real-time threats and hazards and respond with timely and appropriate actions or mitigation strategies to protect public and responder safety.3 Leverage pre-positioned responder assets to maintain a rapid response posture and ensure a safe, secure environment for all air show attendees and personnel.4 Manage traffic flow and pedestrian safety on Pensacola Beach through effective traffic control measures and coordinated entry/exit strategies throughout the event.5 Maintain public information and situational awareness through timely updates to the public, media, and partners regarding safety messages, weather updates, etc.

Incident Objectives (ICS 202)

Incident Name July 2025 Pensacola Beach Air Show	Operational Period	Date From 07/12/2025 Time From 07:00:00	Date To 07/12/2025 Time To 19:00:00																					
Objective(s)																								
Operational Period Command Emphasis The Pensacola Beach Blue Angels Air Show is a multi-day, high-attendance event requiring close coordination across all participating agencies. Operations began with site preparation and setup on Wednesday, followed by limited flight rehearsals on Thursday, a full dress rehearsal on Friday, and the main air show performance on Saturday. Sunday remains designated as the weather contingency (rain date) for Saturday's show.																								
General Situational Awareness (Weather, General Safety Message) 1. Typical Pensacola Beach summer weather is to be expected with high humidity, heat, and the threat of sunburn on unprotected skin is probable. Use sunscreen and shade to protect yourself and force hydration. Make it a personal mission to protect yourself from heat stress or exhaustion. Isolated to scattered showers and storms are possible, mainly after 4pm. Precipitation chance - 30%. Otherwise, skies will be sunny, with a high near 90. Winds will be out of the southwest 5-10 mph. Remember heat safety tips: Stay hydrated with water, take frequent breaks in the shade (or A/C, if possible), wear sunscreen, monitor for signs of heat related illnesses, etc. 2. Use extreme caution when operating vehicles or equipment. Large, distracted crowds of people are expected and they will not be paying attention to you or the vehicle you operate. Utilize proper vehicle operation procedures and utilize backers when moving any equipment or vehicles in reverse. 3. Maintain situational awareness. Stay alert to your surroundings at all times by staying engaged and keeping your head on a swivel.

Safety Message/Plan (ICS 208)

Incident Name July 2025 Pensacola Beach Air Show	Operational Period	Date From 07/12/2025 Time From 07:00:00	Date To 07/12/2025 Time To 19:00:00
Safety Message/Expanded Safety Message, Safety Plan, Site Safety Plan - Critical: Be weather aware, use apps for continuous monitoring Know locations of all aid and water/cooling stations Report any drone activity to appropriate branch Supervisors- keep an eye on your members for heat fatigue, signs of dehydration, and complacency When working around helicopters, ensure safe landing zone by controlling bystanders and pedestrians Report suspicious activity to Law Enforcement Branch- specifics needed: clothing, activity, location Ensure "What 3 Words" is on your phone. Use for precision when calling in a request for resources When the Blues are in the air, no emergency lights are to be used by ground crews. - Urgent Hearing protection available for responders Ongoing assessment of water and nutrition in your area If assisting a member of the public to an area (water station), try to stay with them until hand off Remain in your assigned area for immediate response when called Review Extraction Plan on attached document. Fire Branch has hard copies if needed. Ensure barriers remain in place for vehicle and pedestrian traffic. If you go through, replace immediately. Know the "Lost and Found" Plan for missing kids Keep informed about the lifeguard flag changes, as additional risks may occur Air Branch for MEDEVAC added to IAP for correct time and frequency for comms			
Site Safety Plan Required? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Approved Site Safety Plan(s) Located At:
