

Construction Notice of Commencement

Prieto Drive Sidewalk Project

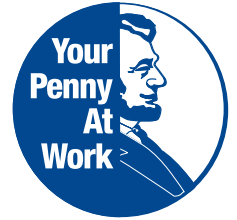

Project Overview

Escambia County's Engineering Division will soon begin the Prieto Drive Sidewalk Project in District 2. This project consists of the installation of a six-foot sidewalk on the east side of Prieto Drive from Chief's Way to Redwood Circle, a pedestrian handrail and pedestrian crosswalks, as well as the removal and replacement of driveways to the rights of way line, new curb and gutter, and repaving the intersection at Prieto Drive and Twin Oaks Drive. Construction is expected to begin in October and continue to March 2017, weather permitting.

Resident Information

- The project is funded by Local Option Sales Tax dollars at a construction cost of \$170,356.
- Roads, Inc. of Northwest Florida is the contractor for this project and will limit construction activities to the area of the county's existing drainage easement areas and public rights of way.
- Construction is expected to take place during the hours of 7 a.m. to 5 p.m. Monday through Saturday.
- We do not anticipate any long-term obstructions in the road rights of way.
- Improvement areas may be temporarily disturbed before being returned to their previous state.
- You will be provided access to your property at all times, although there may be short periods when a driveway or an entrance may be temporarily blocked as equipment and materials are moved.
- Every effort will be made by the contractor to minimize inconveniences to area residents.
- An Escambia County inspector will monitor the construction areas daily.
- We appreciate your cooperation and patience during the construction process.
