ESCAMBIA COUNTY DISTRICT 4

May 2025

May reminds us that lasting change comes from working together, season after season.

As we step into May, it's a perfect time to focus on growth — for our community, for our families, and for our future.

One of my top priorities has always been making sure our first responders have the tools and support they need. I'm thrilled to share that by the end of this month, EIGHT new ambulances will be added to our streets. In an emergency, every second matters, and this is a big step forward in ensuring help arrives when it's needed most.

Beyond public safety, I am working hard to make our local government more efficient, transparent, and accessible.

Our District 4 office is here for you. We're building new tools that will allow you to share your input online, making it easier for every voice to be heard, even if you can't attend a public meeting. We know your time is valuable, and your voice matters.

Email us at district4@myescambia.com.

Together, we are building a community we can all be proud of — today and for generations to come.
