This addendum is being issued to address any additional information requested by interested parties. Should you have a question, please email Garrett Griffin at [GRGRiffin@myescambia.com](mailto:GRGRiffin@myescambia.com) and the responses will be answered and updated via this sheet.

QUESTION #1: Submitted November 7, 2022:

Is there any possibility for an extension of the deadline to December 1, 2022, which is the deadline for the City/HFA local government contribution RFA?

ANSWER:

No. Because our review committee needs time review submissions for placement on the December 8, 2022 Escambia County Board of County Commissioners Agenda, the submission deadline must remain November 14, 2022.

QUESTION #2: Submitted November 8, 2022

Where can I find the census tract reference map for the County?

ANSWER:

[2010 Census - Census Tract Reference Map](#)

QUESTION #3: Submitted November 8, 2022

I reached out by email last week to the email provided in the application on page 4 at 4.a. regarding the pre-application meeting. I had no response so today I called the number from the same area in the application 850-595-3472. I was directed to REDACTED... ..REDACTED was going to schedule us for a pre-app meeting and send us a package but it was a date that was after the application deadline...

As such we do not expect to be able to make the submission requirement for the pre-application meeting.
