**Escambia County Purchasing Department
Notice of Funding Availability (NOFA) for projects aligned with
Escambia County’s Opioid Abatement Strategy**

Escambia County, Florida is issuing a Notice of Funding Availability (NOFA) to solicit applications for programs that address the strategies outlined in Escambia County’s 2025 Opioid Abatement Implementation Plan (Appendix 1).

Florida was the epicenter of the nation’s ongoing prescription drug epidemic, particularly the unregulated pain clinics that are cited as significant contributors to the opioid problem. To reduce the opioid abuse, the state adopted legislation regulating pain clinics and instituted a prescription drug-monitoring program. Efforts to reduce the demand for opioids have shifted local government’s focus from punishing drug users to spending millions on treatment and prevention programs.

On May 15, 2018, the Florida Attorney General’s Office filed action in state court against some of the nation’s largest opioid manufacturers and distributors for their role in the opioid crisis.

On July 8, 2021, the Escambia County Board of County Commissioners voted to enter into the Florida Allocation and Statewide Response Agreement.

In January 2022, County Administration submitted the Florida Allocation and Statewide Response Agreement to the Florida Office of the Attorney General and designated CDAC Behavioral Health, Inc. as the local task force to address the opioid epidemic. County staff also finalized the abatement plan and interlocal agreement with the City of Pensacola to ensure adequate infrastructure was in place to effectively implement core abatement strategies upon the allocation of settlement funds. Funding was awarded to qualifying counties in June of 2022.

SECTION I: General Information

Strategic Use and Alignment of Resources

Escambia County is responsible for ensuring that resources are made available to the community to assist those experiencing mental health and substance use disorders. Therefore, Escambia County reserves the right to match funding opportunities available to the applications received to ensure alignment of resources with community needs and appropriate target populations. All applications received will be evaluated for their appropriateness for each funding opportunity that may be available. Escambia County reserves the right to award more than one (1) funding source to a selected application if necessary to maximize a project’s effectiveness and overall impact.

Funding Priorities

Submitted applications will be evaluated based, in part, on the extent the project is able to demonstrate achievement of the strategies outlined in Escambia County’s 2026 Opioid Abatement Implementation Plan (Appendix 1).

Priority 1: Performance Measures

Performance measures set by Escambia County that selected projects must report on monthly to demonstrate progress toward making significant reductions in the use and abuse of opioids:

1. Reduction in the number of fatal overdoses.
2. Reduction in the number of non-fatal overdose Emergency Department visits.
3. Increase in substance use disorder treatment to reduce opioid overdoses.
4. Increase in access to substance use disorder treatment programs.
5. Increase access to substance use prevention programs.
6. Increase in substance use disorder training, treatment, and prevention in the Criminal Justice Departments.

Project proposals that clearly describe how the project will improve the performance measures and demonstrate progress toward making significant reductions in the use and abuse of opioids will score higher and receive priority for funding.

Priority 2: Innovation and Measurable Programs

Proposed projects that include innovation and measurable results will receive higher scores and consideration than those projects that are a continuation or capacity expansion of a current program.

Applicants should consider modeling programs after initiatives created by the World Health Organization, the Substance Abuse and Mental Health Services Administration, or the State of Florida Department of Children and Families Office of Substance Abuse and Mental Health, such as those initiatives linked below.

World Health Organization-UNODC “Stop Overdose Safely (S-O-S)” initiative.

<https://www.myflfamilies.com/services/samh/providers/recovery-oriented-system-care>

Priority 3: Strategic Partnerships

Additional points will be awarded to projects that attach written documentation (MOU or letter of support) demonstrating coordination with other organizations including housing providers, workforce development boards, and healthcare organizations. Points will be awarded for projects that have written documentation to demonstrate:

- Partnership with public and private healthcare organizations to assist program participants with obtaining medical insurance to address healthcare needs.
- Partnership with public and private healthcare organizations to provide physical healthcare to program participants, including access to prescriptions and ongoing primary care.
- Partnership with behavioral health care providers to provide mental health services and substance use disorder treatment to program participants.
- Partnerships with public housing authorities or other public/private housing providers to provide permanent housing to program participants.
- Partnership with local workforce development centers to provide employment opportunities, job training programs, and job readiness assistance to program participants.

Written documentation must clearly outline the scope of services that will be provided, the number of program participants that are anticipated to benefit from the partnership and the dollar value of the proposed commitment.

Escambia County is seeking ‘out of the box’ applications. Projects may be proposed that incorporate different component types and include additional partners (with an established formal agreement for the proposed project) to provide a specific service as part of an overall project application.

Project Completion Timeframes

For most project types, the Proposed Project should be able to be operational within on (1) month the notice to proceed and reach project completion within one (1) year.
