

Galvez Boat Ramp Improvement Project

03/14/2019

Location	Area	Design Cost	Const. Cost	Funding Source	
Between Galvez Road and Cruzat Way, south of Innerarity Point Road	3.12 Acres	\$165K	\$1.2 Million	TBD	\$ TBD
				TBD	\$ TBD

District 2

The Galvez Boat Ramp Improvement project will consist of (1) Relocating the boat ramps and docks to the end of Cruzat Way. The boat ramp will consist of a single ramp, wide enough for two boats to be launched simultaneously into the Intracoastal Waterway. (2) Construct a permanent restroom facility. (3) Reconfigure the parking area to provide for at least 58 parking spaces for vehicles with trailers, and at least 16 parking spaces for vehicles without trailers. (4) Provide sidewalk access to ramps, docks, parking, restrooms, adjacent park, etc. (5) Reconstruct or resurface Galvez Road and Cruzat Way. (6) Provide improvements at the intersections of Galvez Road and Innerarity Point Road and Cruzat Way and Innerarity Point Road if required.
