

WOODLANDS SUBDIVISION DRAINAGE IMPROVEMENT PROJECT

DISTRICT 5

The Woodlands subdivision is located to the North of Nine Mile Rd. and has been impacted by several storm events. This project is to explore and design improvements to the existing drainage system to mitigate repeated flood conditions.

HDR Engineering will conduct study and design services beginning 11/2019 thru 12/2020.

Design Cost \$300,000 funding from LOST IV

Construction Costs TBD based upon design.
