# Clerk of Circuit Court and Comptroller - Fund 001

## Role

The Florida Constitution Article V, Section 16 established the Clerks of the Circuit Court in the State of Florida: There shall be in each county a clerk of the circuit court who shall be selected pursuant to the provisions of Article VIII section 1. The Clerk of Court is a vital part of the local court system, responsible for the coordination of jurors, swearing in court witnesses and recording evidence presented at trial. Any fines, fees or assessments collected by the Clerk are distributed to state and local governments according to law.

The Clerk's Office has the duty of maintaining and preserving the official documents and records of this county's rich history. In recent years, your Clerk has embraced technology to provide residents with greater and more efficient access to these documents. Electronic imaging and retrieval processes now allow for convenient online access to many real estate documents, criminal and civil court listings and volumes of other public documents under the Clerk's custody and control. Innovative security measures are used to keep your personal information safe.

One of the most important functions of the Clerk of Court is maintaining the financial integrity of the county. Your Clerk recognizes that local citizens have entrusted public funds to local government leaders. As the chief financial officer, or comptroller, for the county, the Clerk serves as accountant, auditor and custodian of your tax dollars and provides services to each of the county's departments. Your Clerk's Office strives to efficiently and effectively manage local government finances so that local residents and communities are better served.

# Public Safety - Opioid Abatement Fund

## Fund 122/330307

Opioid Abatement Funds, provided by the State of Florida, will be used to pilot a program that includes on-demand mobile treatment teams offering medication-assisted treatment. These mobile teams will provide on-site assessments, recovery support services, and medications for substance abuse. Additionally, statewide, 186,000 naloxone kits will be distributed to hospitals, county health departments, and community behavioral health settings to plan for naloxone saturation needs. Escambia County will staff the Coordinated Opioid Recovery Effort (CORE) with four (4) Registered Nurses and (2) Emergency Medical Technicians to provide services as outlined in the CORE treatment protocols established by the Florida Department of Health Statement of Work. Floridians battling with addiction can utilize CORE for stabilization and to receive medically assisted treatment that is specialized to sustain an addiction-free pathway to success. Phase one counties include **Escambia**, Brevard, Clay, Duval, Gulf, Manatee, Marion, Pasco, and Volusia counties. The program will have EMS personnel work with overdose victims who want to get treatment for opioid addiction. It is designed to act as a bridge starting with the patient leaving the hospital and attending their first appointment with a long-term drug treatment center.
