Applications must be received by the close-of-business Wednesday prior to the board meeting. Once the Application for Examination fee has been processed, you will be placed on the next Board of Electrical Examiners (BOEE) meeting agenda. Applications received after the original deadline will be placed on a subsequent BOEE agenda once requirements are met and payment has been processed.

At the meeting, the BOEE will review all of the applicant's submitted documentation and there will be a determining vote for examination approval. Once approved, there are two (2) mandatory exams required for contractor licensure here in Escambia County, Florida: 1) Trade-specific exam and 2) Business & Law exam. The minimum passing score is 75% for each exam; exams may be taken individually or combined. All testing will be administrated through either Prov.

After passing both of the required examinations and the Initial Certificate of Competency fee has been paid, the applicant may work as a licensed contractor. The applicant's license cannot be fully issued until the required insurances and state registration documents are received per Escambia County Code of Ordinances. Once issued, the license is good for a year and renewal of the license is required prior to the expiration date to avoid delinquency and/or penalties.
