WHEREAS, \$500,000 in additional funding for this Project was provided under Line Item 1606A of the 2017-2018 General Appropriations Act; and

WHEREAS, the Grantee has requested a revision in the scope of work and a reallocation of the budget for the project; and,

WHEREAS, the Grantee has requested an extension of the Agreement because additional work has been added to the work plan due to an increase in funding; and,

WHEREAS, certain provisions of the Agreement need revision and a provision needs to be added to the Agreement.

NOW, THEREFORE, the parties hereto agree as follows:

1. The Agreement is effective from July 1, 2015, to December 31, 2021.
2. Section 3. of the Agreement is hereby deleted in its entirety and replaced with the following:

FUNDING/CONSIDERATION/INVOICING:

- A. As consideration for the satisfactory completion of services rendered by the Grantee under the terms of this Agreement, the Department shall pay the Grantee on a cost reimbursement basis up to a maximum of \$1,500,000. It is understood that any additional funds necessary for the completion of this project are the responsibility of the Grantee. The parties hereto understand and agree that this Agreement does not require a match on the part of the Grantee.
- B. Prior written approval from the Department's Grant Manager shall be required for changes to this Agreement.
 - i. A Change Order to this Agreement is required when task timelines within the current authorized Agreement period change, and/or when the cumulative transfer of funds between approved budget categories, as defined in Attachment A, are less than ten percent (10%) of the total budget as last approved by the Department. All Change Orders are subject to the mutual agreement of both parties as evidenced in writing.
 - ii. A formal Amendment to this Agreement is required for changes which cause any of the following: an increase or decrease in the Agreement funding amount, a change in the Grantee's match requirements, a change in the expiration date of the Agreement, and/or changes to the cumulative amount of funding transfers between approved budget categories, as defined in Attachment A, exceeds or is expected to exceed ten percent (10%) of the total budget as last approved by the Department. All Amendments are subject to the mutual agreement of both parties as evidenced in writing.

- C. The Grantee shall be reimbursed on a cost reimbursement basis for all eligible project costs upon the completion, submittal and approval of each deliverable identified in **Attachment A-2**, in accordance with the schedule therein. Reimbursement shall be requested utilizing **Attachment B-1, Payment Request Summary Form**. To be eligible for reimbursement, costs must be following laws, rules and regulations applicable to expenditures of State funds, including, but not limited to, the Reference Guide for State Expenditures, which can be accessed at the following web address: http://www.myfloridacfo.com/aadir/reference_guide/. All invoices for amounts due under this Agreement shall be submitted in detail sufficient for a proper pre-audit and post-audit thereof. A final payment request should be submitted to the Department no later than sixty (60) calendar days following the completion date of the Agreement, to assure the availability of funds for payment. All work performed pursuant to **Attachment A-2** must be performed on or before the completion date of the Agreement, and the subsequent sixty-day period merely allows the Grantee to finalize invoices and backup documentation to support the final payment request.
- D. The State Chief Financial Officer requires detailed supporting documentation of all costs under a cost reimbursement agreement. The Grantee shall comply with the minimum requirements set forth in **Attachment C, Contract Payment Requirements**. The Payment Request Summary Form shall be accompanied by supporting documentation and other requirements as follows for each deliverable: Reimbursement shall be limited to the following budget categories:
- i. Contractual (Subcontractors) – Reimbursement requests for payments to subcontractors must be substantiated by copies of invoices with backup documentation identical to that required from the Grantee. Subcontracts which involve payments for direct salaries shall clearly identify the personnel involved, salary rate per hour, and hours spent on the project. All multipliers used (i.e., fringe benefits, overhead, indirect, and/or general and administrative rates) shall be supported by audit. If the Department determines that multipliers charged by any subcontractor exceeded the rates supported by audit, the Grantee shall be required to reimburse such funds to the Department within thirty (30) calendar days of written notification. Interest on the excessive charges shall be calculated based on the prevailing rate used by the State Board of Administration. Subcontracts, which involve equipment purchases as part of an installation/retrofit or that include infrastructure and/or infrastructure improvements, as defined in Florida Chief Financial Officer (CFO) Memorandum No. 5 (2011-2012), must be capitalized in accordance with Chapter 69I-72, Florida Administrative Code (F.A.C.). The Grantee shall be responsible for maintaining appropriate property records for any subcontracts that include the purchase of equipment as part of the delivery of services. The Grantee shall comply with this requirement and ensure its subcontracts issued under this Agreement, if any, impose this requirement, in writing, on its subcontractors.

For fixed-price (vendor) subcontracts, the following provisions shall apply:

- a. The Grantee may award, on a competitive basis, fixed-price subcontracts to consultants/contractors in performing the work described in **Attachment A-2**. Invoices submitted to the Department for fixed-price subcontracted activities shall be supported with a copy of the subcontractor's invoice and a copy of the tabulation form for the competitive procurement process (i.e., Invitation to Bid or Request for Proposals) resulting in the fixed-price subcontract.
- b. The Grantee may request approval from the Department to award a fixed-price subcontract resulting from procurement methods other than those identified in the paragraph above. In this instance, the Grantee shall request the advance written approval from the Department's Grant Manager of the fixed price negotiated by the Grantee. The letter of request shall be supported by a detailed budget and Scope of Services to be performed by the subcontractor. Upon

receipt of the Department Grant Manager's approval of the fixed-price amount, the Grantee may proceed in finalizing the fixed-price subcontract.

- c. All subcontracts are subject to the provisions of paragraph 12 and any other appropriate provisions of this Agreement which affect subcontracting activities.
 - ii. Equipment – (Capital outlay costing \$1,000 or more) – Reimbursement for the Grantee's direct purchase of equipment is subject to specific approval of the Department, and does not include any equipment purchased under the delivery of services to be completed by a subcontractor. Include copies of invoices or receipts to document purchases, and a properly completed **Attachment F, Property Reporting Form**.
- E. In addition to the invoicing requirements contained in paragraphs 3.C. and D. above, the Department will periodically request proof of a transaction (invoice, payroll register, etc.) to evaluate the appropriateness of costs to the Agreement pursuant to State and Federal guidelines (including cost allocation guidelines), as appropriate. This information, when requested, must be provided within thirty (30) calendar days of such request. The Grantee may also be required to submit a cost allocation plan to the Department in support of its multipliers (overhead, indirect, general administrative costs, and fringe benefits). State guidelines for allowable costs can be found in the Department of Financial Services' Reference Guide for State Expenditures at http://www.myfloridacfo.com/aadir/reference_guide/.
- F. i. The accounting systems for all Grantees must ensure that these funds are not commingled with funds from other agencies. Funds from each agency must be accounted for separately. Grantees are prohibited from commingling funds on either a program-by-program or a project-by-project basis. Funds specifically budgeted and/or received for one project may not be used to support another project. Where a Grantee's, or subrecipient's, accounting system cannot comply with this requirement, the Grantee, or subrecipient, shall establish a system to provide adequate fund accountability for each project it has been awarded.
- ii. If the Department finds that these funds have been commingled, the Department shall have the right to demand a refund, either in whole or in part, of the funds provided to the Grantee under this Agreement for non-compliance with the material terms of this Agreement. The Grantee, upon such written notification from the Department shall refund, and shall forthwith pay to the Department, the amount of money demanded by the Department. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the original payment(s) are received from the Department by the Grantee to the date repayment is made by the Grantee to the Department.
- iii. In the event that the Grantee recovers costs, incurred under this Agreement and reimbursed by the Department, from another source(s), the Grantee shall reimburse the Department for all recovered funds originally provided under this Agreement. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the payment(s) are recovered by the Grantee to the date repayment is made to the Department by the Grantee.

3. Section 8. of the Agreement is hereby deleted in its entirety and replaced with the following:

DEFAULT/TERMINATION/FORCE MAJEURE:

- A. Termination for Convenience. The Department may terminate the Agreement in whole or in part by giving 30 days' written notice to the Grantee, when the Department determines, in its sole

discretion, that it is in the State's interest to do so. The Department shall notify the Grantee of the termination for convenience with instructions as to the effective date of termination or the specific stage of work at which the Agreement is to be terminated. The Grantee shall not furnish any service or deliverable after it receives the notice of termination, unless otherwise instructed in the notice. The Grantee shall not be entitled to recover any cancellation charges or lost profits. If the Agreement is terminated before performance is completed, the Grantee shall be paid only for that work satisfactorily performed for which costs can be substantiated.

- B. Termination for Cause. The Department may terminate this Agreement if any of the events of default described below occur or in the event that the Grantee fails to fulfill any of its other obligations under this Agreement. The Grantee shall continue work on any portion of the Agreement not terminated. If, after termination, it is determined that the Grantee was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Department. The rights and remedies of the Department in this clause are in addition to any other rights and remedies provided by law or under this Agreement.
- C. Grantee Obligations upon Notice of Termination. After receipt of a notice of termination or partial termination, is directed by the Department, the Grantee shall stop performing services on the date, and to the extent specified, in the notice.
- D. Force Majeure. The Grantee shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of the Grantee or its employees or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond the Grantee's control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to the Grantee. In case of any delay the Grantee believes is excusable, the Grantee shall notify the Department in writing of the delay or potential delay and describe the cause of the delay either (1) within ten days after the cause that creates or will create the delay first arose, if the Grantee could reasonably foresee that a delay could occur as a result; or (2) if delay is not reasonably foreseeable, within five days after the date the Grantee first had reason to believe that a delay could result. **THE FOREGOING SHALL CONSTITUTE THE GRANTEE'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY.** Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, shall be asserted against the Department. The Grantee shall not be entitled to an increase in the Agreement price or payment of any kind from the Department for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist the Grantee shall perform at no increased cost, unless the Department determines, in its sole discretion, that the delay will significantly impair the value of the Agreement to the Department, in which case the Department may (1) accept allocated performance or deliveries from the Grantee, provided that the Grantee grants preferential treatment to Department with respect to products subjected to allocation; (2) contract with other sources (without recourse to and by the Grantee for the related costs and expenses) to replace all or part of the products or services that are the subject of the delay, which purchases may be deducted from the Agreement quantity; or (3) terminate the Agreement in whole or in part.

**DEPARTMENT OF ENVIRONMENTAL PROTECTION
REVISED GRANT WORK PLAN
DEP AGREEMENT NO. S0878**

ATTACHMENT A-2

PROJECT TITLE: Escambia County Innerarity Water and Sewer Upgrade

PROJECT LOCATION: The Project will be located on Innerarity Island in Escambia County, Florida. Lat/Long 30.315489, -87.484840 See Figures 1 and 2 for a location map and site plan.

PROJECT BACKGROUND: The Innerarity Island Development Corporation (IIDC) provided water and wastewater service to the residents of Innerarity Island in southwestern Escambia County. IIDC purchased water from the Emerald Coast Utilities Authority (ECUA) and resold it to the residents. Wastewater is currently collected in a gravity sewer system and conveyed via a system of lift stations and force mains to ECUA lift station No. 380. Wastewater is metered at the discharge of the lift station before leaving the island. The wastewater is metered and billed independently of the potable water. Water and sewer services provided in the past by IIDC were subject to regulation by the Public Service Commission of the State of Florida.

On January 27, 2014, the IIDC formally filed a note of abandonment pursuant to Florida Statute 367.165(1), and on March 21, 2014 the First Judicial Circuit Court ordered Escambia County (Grantee) to become the receiver of this now abandoned water and wastewater utility system. However, not only is long term ownership and maintenance outside of the capabilities of the Grantee, the Grantee also has no statutory authority to own and operate a water and wastewater system due to the Enabling Act of the ECUA. An agreement in principal has been reached between ECUA and the Grantee regarding future ownership and maintenance of the IIDC's utilities, as well as options for financing mechanisms allowing ECUA to complete design and construction, as necessary, to bring the existing utility systems into compliance with current FDEP and ECUA standards.

The proposed project will facilitate the transfer of ownership and maintenance of the systems to ECUA. This transition is critical so that an entity with adequate resources can accept the long term requirements that come with utility ownership. This is a necessity for the residents served by this system.

PROJECT DESCRIPTION: The Grantee will evaluate the current water and wastewater system formerly owned by the IIDC and design the upgrades for the water and wastewater system infrastructure to meet the standards required by ECUA for a publicly owned and maintained water and wastewater utility system.

Water system improvements may consist of: a) relatively minor main relocations to remove encroachments of the water facilities from private properties or alternatively to relocations, easements could be secured with the assistance of the Innerarity Island Homeowners Association to negate the need for the relocations; b) installation of system isolation valves; c) fire hydrant additions; d) modification of dead end water lines to provide either flush valves or circulation loops; e) water service renewals to remove polybutylene tubing and replace meters with ECUA standard meters; and f) upgrade approximately 3,000 linear feet of existing 4-inch water main on North Shore Drive to 6-inch.

Sanitary sewer system improvements will consist primarily of the construction of a low pressure sewer system to replace all gravity collection on the island leaving only the relatively new gravity collection in the Russell Bayou development in service. The existing gravity sewer collection system was found to be

prone to excessively heavy infiltration/inflow and to have many line segments laid at insufficient slope. Full replacement of the gravity sewer system was eliminated from consideration due to excessive cost.

The Grantee does not anticipate that the funding under this agreement will result in a fully completed project, so this agreement will cover a portion of the work.

TASKS and DELIVERABLES:

Task 1: Design and Permitting

Task Description: The Grantee will procure professional engineering in accordance with state law. The Grantee will complete the evaluation and design of upgrades to the water and wastewater system infrastructure and obtain all necessary permits for construction of the project. MONITORING

In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, F.S., as revised (see "AUDITS" below), monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by OMB Circular A-133, as revised, and/or other procedures. By entering into this Agreement, the recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Department of Environmental Protection. In the event the Department of Environmental Protection determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department to the recipient regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in OMB Circular A-133, as revised.

1. In the event that the recipient expends \$500,000 or more in Federal awards in its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. EXHIBIT 1 to this Attachment indicates Federal funds awarded through the Department of Environmental Protection by this Agreement. In determining the Federal awards expended in its fiscal year, the recipient shall consider all sources of Federal awards, including Federal resources received from the Department of Environmental Protection. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the recipient conducted by the Auditor General in accordance with the provisions of OMB Circular A-133, as revised, will meet the requirements of this part.
2. In connection with the audit requirements addressed in Part I, paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.
3. If the recipient expends less than \$500,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. In the event that the recipient expends less than \$500,000 in Federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than Federal entities).

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of \$500,000 in any fiscal year of such recipient, the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this Attachment indicates state financial assistance awarded through the Department of Environmental Protection by this Agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Environmental Protection, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.

3. If the recipient expends less than \$500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. In the event that the recipient expends less than \$500,000 in state financial assistance in its fiscal year, and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).

(NOTE: This part would be used to specify any additional audit requirements imposed by the State awarding entity that are solely a matter of that State awarding entity's policy (i.e., the audit is not required by Federal or State laws and is not in conflict with other Federal or State audit requirements). Pursuant to Section 215.97(8), Florida Statutes, State agencies may conduct or arrange for audits of State financial assistance that are in addition to audits conducted in accordance with Section 215.97, Florida Statutes.
