## EXAMPLE SITE PLAN

**Site Plan Sketch**

If requested, please draw a sketch of your proposed alterations or construction in the space provided above. In this drawing (which need not be drawn to scale, but should be drawn proportionally) you should include:

- o An outline of the parcel showing its shape and dimensions.
- o The location and dimensions of all existing structures on the property.  
Make sure to note the distance between each structure and the parcel boundaries (setbacks).
- o The location, shape, and dimensions of all driveways, sidewalks, and other impermeable surfaces.  
Also note construction material (concrete, asphalt, etc.) and how driveway joins street (curb and gutter, etc.)
- o The location and dimensions of all proposed alterations, additions, or structures (including driveways/sidewalks).
- o The location and names of any adjacent roadways or streets.
- o Using one or more arrows, show the direction (or directions) of stormwater flow on the parcel.
- o Place an arrow indicating NORTH (labeled "N") on the drawing.
