

Geocache Tour Information

ESCAMBIA COUNTY – Once again Escambia County, the Department of Environmental Protection, and the City of Pensacola have partnered together to create a geocache tour designed to route residents and visitors to the area's major environmental restoration projects, unique environmental habitats, and innovative environmental retrofit solutions. There are currently 10 stops on the Escambia County Environmental Geocache Tour.

We have revamped the original tour to make it more user friendly and fun for everyone. Geocachers who visit at least 8 of the 10 locations and use the colored pens/pencils at each location to check off the tour visit sheet can receive a tour prize. The tour prize can be obtained by visiting one of the two locations listed below. Just show the receptionist the completed form and receive a custom coin celebrating the tour and the City of Pensacola's 450th birthday.

- ❖ Department of Environmental Protection located at 160 W. Government Street
Please sign in with security guard in the lobby and then go to the third floor Suite 308.
Contact number is 850-595-8300.
- ❖ Escambia County Natural Resource Conservation Division located at 151 Hwy 97 Molino
(inside the Farm Bureau Building). Contact number is 850-840-9084 or 9089.

Happy hunting and enjoy the environmental wonders of our county.
