

# AQUABAC™ (200 G)

## Mosquito Biolarvicide Granule

ACTIVE INGREDIENT: *Bacillus thuringiensis* subspecies *israelensis*, 7000 International Toxic Units (ITU) per milligram (equivalent to 0.091 billion ITU per pound) . 2.86%

Potency units should not be used to adjust use rates beyond those specified in the Directions for Use Section.

INERT INGREDIENTS ..... 97.14%

TOTAL ..... 100.0%

SPECIMEN

### KEEP OUT OF REACH OF CHILDREN

**CAUTION:** Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

#### STATEMENTS OF PRACTICAL TREATMENT:

IF ON SKIN: Wash with plenty of soap and water. Get medical treatment.

AQUABAC (200 G) is a highly selective microbial insecticide effective against mosquitoes and blackflies in a variety of habitats.

#### DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. AQUABAC (200 G) may be applied to any water sites except treated, finished water reservoirs or drinking water receptacles.

#### MOSQUITOES:

Habitat	Rate Required for Control*
Flood water, roadside ditches, irrigation ditches, rice fields, pastures, woodland pools, snow melt pools, tidal water, salt marshes, catch basins, storm water retention areas	.25 10.0 pounds/acre
*When late third and early fourth instar larvae predominate, larval populations are high, or water is heavily polluted and/or algae are prevalent, use IO-20 pounds/acre.	

#### SPECIFIC APPLICATION INSTRUCTIONS:

AQUABAC (200 G) should be applied uniformly in conventional aerial and ground equipment. A seven to fourteen-day interval between applications should be employed. Longer periods of mosquito population suppression may result where sufficient numbers of non-target aquatic invertebrate parasites and predators are present, since these are not affected by AQUABAC (200 G) and contribute to mosquito population reduction.

#### STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal.

#### STORAGE:

Store in a cool, dry place.

#### PESTICIDE DISPOSAL:

Wastes resulting from use of this product may be disposed of on-site or at an approved waste disposal facility.

#### CONTAINER DISPOSAL:

Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

#### NOTICE TO USER:

Seller makes no warranty, express or implied, of merchantability, fitness or otherwise concerning the use of this product other than as indicated on the label. User assumes all risks of use, storage or handling not in strict accordance with label instructions.
