## Road Prison Division

Medical SOG # 106  
Prescription Medication Box

---

**Purpose:** This SOG defines procedures related to the prescription medication box.

**Procedure:** The prescription medication box is an orange box located in the clinic restroom. This box will be inventoried on weekend nights for any medication that has been returned or refused by an inmate, or medication that belongs to a released (ATW) inmate, or confiscated from inmate population. Medication shall be sent back to the jail infirmary with a note attached stating why the medication is being returned (i.e. inmate refused medication, released inmate's medications, or confiscated medication). Returning these medication to the main jail will assure proper disposal.
