ESCAMBIA COUNTY

Learn more at BeReadyEscambia.com

Williams said Bradshaw had been volunteering with Escambia County since the late 1990s, but his experience expands beyond fire service to law enforcement and in the military, most recently in the Air National Guard. Bradshaw also served as a Department of Defense Air Station Pensacola.

Weather Update from Escambia County Emergency Management

Sunday August 23, 2020

Escambia County Emergency Management continues to monitor the weather and has been on calls with the State of Florida Emergency Operations Center and the National Weather Service. If Hurricane Marco and Tropical Storm Laura stay on their current paths toward Louisiana, Escambia County expects minor coastal flooding with a high risk of rip currents and high surf. There could be some beach erosion throughout the week. Wind speeds are not expected to warrant bridge closures.

COVID-19 Information For Escambia County Citizens

The CDC has updated their guidelines for fully vaccinated individuals: It says if you are fully vaccinated against COVID-19, you can resume activities without wearing a mask or staying 6 feet apart, except where required by federal, state, local, tribal or territorial laws, incl. local business and workplace guidance.

- The Transportation Security Administration's **mask mandate** is in place through Sept. 13, 2021 on commercial flights, trains, buses, boats and in terminals.

Escambia County would like to remind the public that **face masks are available at the following locations** as part of the **Mask Up, Escambia public health campaign**. The City of Pensacola Ordinance 15-20 **requiring face coverings to be worn inside businesses within City of Pensacola limits expired on April 22, 2021, and is no longer in effect.**

Welcome to the Escambia County CARES Act Portal

The national COVID-19 pandemic has significantly impacted many residents of Escambia County and our business community. The Escambia County Board of County Commissioners is pleased to provide financial grant opportunities to eligible residents and small businesses. Grants are provided to:

- Residents and families who have been financially impacted;
- Small businesses that have been forced to temporarily close and/or lost significant business revenue

Escambia CARES Emergency Financial Assistance Grant Program Update

The Escambia CARES Emergency Financial Assistance Program has concluded. All Escambia CARES Emergency Financial Assistance Grant Program payments have been processed. You can check the status on the application portal or the online check register. Thank you!

As the program has reached its conclusion, Escambia County staff are no longer answering phone calls or returning emails about the grant program if you are checking your status.

The Escambia County Board of County Commissioners advised staff on Jan. 14, 2021 to reach out again to approximately 2,500 Family CARES Grant applicants who do not have complete information on their application. These are the applications that are in the status "Applications Under Review" in the portal.

The county would like to stress that staff will contact individuals who still need to submit additional paperwork. Please do not email or call the county to check on your status because staff needs to concentrate on processing, rather than call taking. Applicants will have two weeks after they are contacted by staff to submit the necessary paperwork.

!!! Please be aware that the Escambia County Animal Shelter is NOT taking donations. THIS IS A SCAM. There have been several reports of fake animal rescue organizations claiming to have been called to Pensacola and are collecting donations to support their efforts. We encourage people NOT to donate to these organizations! We have requested and received all of the assistance we need from the Humane Society of the United States. If you hear of a scam or someone approaches you, call the authorities! #WeAreEscambia

Many roadways into neighborhoods are still blocked from trees, power poles and other debris. Citizens are encouraged to be patient as crews work to remove debris. Citizens who are using chainsaws are encouraged to use personal protective equipment (PPE) and practice safety. Always have someone working with you and never operate chainsaws alone. 75% of injuries are to the arms, hands and legs due to not properly operating a chainsaw.
