

# Construction Notice of Commencement

## Chemstrand Road South Drainage Improvements & Sidewalk

### Project Overview

Escambia County's Construction Management Division will begin construction of the Chemstrand Road South Drainage Improvements and Sidewalk project in District 3 on November 6, 2023. The project area begins approximately 100' south of the intersection of Chemstrand Road at Nine Mile Rd and ends at the intersection with Johnson Avenue. Construction will include installation of new drainage infrastructure to ensure positive flow. The drainage improvements include concrete pipe, curb inlets, ditch bottom inlets and manholes. A 6' wide sidewalk with curb and gutter will be installed on both sides of the road. The project duration is 485 days with an anticipated completion date of March 2025.

### Resident Information

- Construction costs estimated at \$6,283,749.00 will be funded by Local Option Sales Tax (LOST) IV and ARPA.
- Roads, Inc. is the primary contractor for this project.
- Areas outside the project limits that are impacted during construction will be returned to their previous state.
- Access to your property will always be available, although there may be short periods when a driveway or entrance may be temporarily blocked.
- An Inspector from Volkert construction will monitor the construction area daily.
- Your cooperation and patience are appreciated during the construction process.
