

Construction Notice of Commencement

West Detroit Boulevard Resurfacing & Safety Upgrades

Project Overview

The West Detroit Boulevard Resurfacing and Safety Upgrades Project will consist of the milling and resurfacing of Detroit Boulevard from approximately 450' east of the SR 297 (Pine Forest Road) intersection to just east of Cherry Avenue at the FDOT's SR 95 (US 29) Project. In addition, this project includes the construction of a westbound-right turn lane at the Detroit/Untreiner intersection, an enhanced crosswalk with Rectangular Rapid Flashing Beacon on the west leg of the Detroit/Untreiner intersection, improving radius returns at side streets to prevent off-tracking, and associated minor drainage works.

Resident Information

- This project is funded by LOST IV. Estimated cost for construction is \$1,929,696.
- Project duration is 240 days from the Notice to Proceed issued for 12/05/2022.
- Areas that are impacted during construction will be returned to their previous state.
- Access to adjacent properties will be maintained, although there may be short periods of traffic lane reduction.
- Traffic may be temporarily reduced to a single lane or detoured.
- An Escambia County Inspector will monitor the construction areas daily.
- Roads Inc. is the primary contractor.
- Your cooperation and patience are appreciated during this construction process.
