Weekly count of ED and FSED visits for influenza-like illness

Weekly count of ED and FSED visits for **COVID-like illness**

Considerations for Wearing Cloth Face Coverings

- CDC recommends that people wear cloth face coverings in public settings when around people outside of their household, especially when other [social distancing](#) measures are difficult to maintain.
- Cloth face coverings may help prevent people who have COVID-19 from spreading the virus to others.
- Cloth face coverings are most likely to reduce the spread of COVID-19 when they are widely used by people in public settings.
- Cloth face coverings should NOT be worn by children under the age of 2 or anyone who has trouble breathing, is unconscious, incapacitated, or otherwise unable to remove the mask without assistance.

Florida SSG Dr. Scott Rivkees

02 July 2020

- **Wearing Face Coverings**

--All individuals in Florida should wear face coverings in any setting where social distancing is not possible except:

- Child under two**
- Individual with medical conditions**
- Individual obtaining services**
- Certain professions**
- Individual is engaged in outdoor work or recreation with social distancing**
